## **A Color Sampler** Kathleen Westray

"Westray's experience as a children's book art director and designer is evident throughout this attractive and innovative title. Playing on the word 'sampler,' she uses patchwork-quilt patterns to present primary, secondary, intermediate, and complementary colors . . . The scarcity of titles on this subject for older readers makes this an especially useful addition to any collection. Be sure to sample this one." -- School Library Journal ALA Notable Book Bulletin of the Center for Children's Books -- Blue Ribbon Winner

#### **Norman Duque:**

The actual book A Color Sampler has a lot details on it. So when you make sure to read this book you can get a lot of benefit. The book was authored by the very famous author. Tom makes some research just before write this book. This kind of book very easy to read you may get the point easily after perusing this book.

#### **Karina McDermott:**

As a college student exactly feel bored in order to reading. If their teacher questioned them to go to the library as well as to make summary for some e-book, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that looking at is not important, boring and can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this A Color Sampler can make you feel more interested to read.
