This book contains an interview in with Craig Haugaard, third-place finisher in the 2014 World Cup Championship of Futures Trading® with a 300.9% net profit. In the rest of the book I will explain to you the indicators that he said he used in the interview. You can then actually see and understand how they work. I am not going to tell you exactly how Craig Huagaard used the tools to make his 300.9% return on a \$10,000 investment. That information is not public and belongs only to Craig Haugaard. Here are the indicators he used: > Seasonality > MACD > Stochastics > Moving Averages > Trailing Stops > Fibonacci Retracements & Extensions All of the charts in this book are produced using my favorite charting software Market-Analyst®. I have also arranged for you to get a trial so that you might have the chance to actually work with these indicators with a live charting platform. You will also be able to download 7 video presentations that I personally created so you can see how these indicators can be setup and followed in a step-by-step manner. You can also go to World Cup Advisor and subscribe and follow Craig's trades real-time.
