***Students' Favorite Lippincott Series for the Basic Sciences—Now Integrated!***

*Lippincott Illustrated Reviews: Integrated Systems* integrates topics in the core basic sciences to promote understanding of human body systems. Additionally, the most clinically relevant disorders are covered to give a thorough grounding in the pathophysiology of each system. The Lippincott Illustrated Review series features clear, effective writing in outline format and hundreds of eye-catching illustrations ideal for review and the assimilation of essential information for course and board exams. Dynamic illustrations walk students step by step through complex processes to *teach* rather than simply *show*. Lippincott Illustrated Reviews capture the vitality and interactive nature of the classroom experience in book format.

## ***Features:***

- Outline format breaks down topics in easy-to-absorb segments, ideal for concise review and foundational learning of biochemistry, anatomy, pathology, and more.
- Coverage of clinical topics shows what happens when systems malfunction.
- More than 500 full-color illustrations visually explain complex processes.
- Overviews and Chapter Summaries set clear goals for topic mastery and reinforce essential concepts in a coherent framework.
- More than 100 study questions with answers and explanations test understanding of fundamental concepts as well as the ability to draw connections among multiple organ systems.
- Printed bookmark with the Table of Contents and a Fast Find mini-index help locate information for key topics.
- Online resources for students, including a question bank and animations, provide interactive learning and review.
