The Politically Incorrect Guide to the Great Depression and the New Deal (The Politically Incorrect Guides) Robert Murphy

In this timely new P.I. Guide, Murphy reveals the stark truth: free market failure didn't cause the Great Depression and the New Deal didn't cure it. Shattering myths and politically correct lies, he tells why World War II didn't help the economy or get us out of the Great Depression; why it took FDR to make the Depression Great; and why Herbert Hoover was more like Obama and less like Bush than the liberal media would have you believe. Free-market believers and capitalists everywhere should have this on their bookshelf and in their briefcases.
