## **Living Farms: Encouraging Sustainable Smallholders in Southern Africa** Martin Whiteside

Designed as an accessible text on sustainable agriculture, this book contains information on community organization and participation, technologies for sustainability and the wider policy and service environment. The book looks at a variety of ways of encouraging sustainability through policy change and service provision, including: ways of improving financial services; ways of improving land security; and ways of improving training. The book is illustrated by a range of case studies and examples, and contains lists of contact addresses.
