The Great Brain John D. Fitzgerald

J. D. idolizes his older brother Tom, a.k.a. The Great Brain, a silver-tongued con artist with a genius for making a profit. No matter what the situation, The Great Brain will always find a way to turn it to his advantage--usually, his financial advantage. As boys growing up at the beginning of the 1900s, J. D. and Tom have plenty of scope for their adventures. And while J. D.'s ingenuity may not equal his conniving brother's, as a narrator he is endearingly sympathetic and wildly entertaining. First published in the late 1960s and early 1970s, this classic series has been popular ever since. Now the first three books are again available in hardcover, complete with their original illustrations. Join the amazing Great Brain and his befuddled brother as they continue to captivate generations of young readers.
