Each of us has a stealth bucket, when the bucket is full, our sentiment is high; and when the bucket is empty, well be lost. However, many children ( and many adults ) was apparently unaware of the importance of a water-filled barrel. In the book "" how full is your bucket? "" the protagonist Felix noted that the daily contact details will affect our buckets of water. After that, he further recognized his doings to others can affect others bucket of water. We will continue to follow the Felix observation, he found an increase in students, teachers and families in a bucket of water is actually a very simple thing. Felix in the end of the day, you may be surprised to find that he has learned how to be a great "" water work "", and he has realized when others fill water to bucket, their own water in the barrel will increase.
