Ibn 'Arabî - Time and Cosmology (Culture and Civilization in the Middle East)

Mohamed Haj Yousef

Ibn 'Arabî - Time and Cosmology (Culture and Civilization in the Middle East) Mohamed Haj Yousef

This book is the first comprehensive attempt to explain Ibn 'Arabî's distinctive view of time and its role in the process of creating the cosmos and its relation with the Creator. By comparing this original view with modern theories of physics and cosmology, Mohamed Haj Yousef constructs a new cosmological model that may deepen and extend our understanding of the world, while potentially solving some of the drawbacks in the current models such as the historical Zeno's paradoxes of motion and the recent Einstein-Podolsky-Rosen paradox (EPR) that underlines the discrepancies between Quantum Mechanics and Relativity.
