Nation of Nations: A Narrative History of the American Republic James West Davidson, Brian DeLay, Christine Leigh Heyrman, Mark Lytle, Michael Stoff

Known for its friendly narrative style and careful blending of political and social history, *Nation of Nations* offers a balanced approach to teaching the American history survey course. The story presented by the authors reflects their belief that the American past can only be fully understood when linked to events worldwide. As a result of this view, *Nation of Nations* has become the leader in the integration of global material, done in a sensible and thoughtful way. This sixth edition features expanded coverage of environmental and pre-colonial history by new coauthor Brian DeLay, as well as a completely redesigned map program, additional After the Fact content, and a new online version of the popular Primary Source Investigator.
