The Coworker: The First Nate Castle Novel Vernon Rush

For five years, two murders have lain unsolved and nearly forgotten in the police vault in the quiet little burg of Frederick, Maryland. Until a young lawyer turns up dead, and the familiar pattern of the Coworker killer plunges the sleepy northern town back into darkness. As the body count begins to rise, it soon becomes chillingly obvious that this time the killer has no intention of stopping.

Lacking a suspect, hounded for answers by the ravening media, the police have nowhere to turn but Nate Castle, College teacher by day, locally-renowned PI by night. The case of the faceless Coworker murders is the most demanding of his career. Nate is thrust into a spotlight he's been avoiding for the past decade. Somewhere out there is a predator against which Nate is the only defense, but the troubled detective has his own demons to fight. Haunted by regret, crippled by the bottle, Nate stands alone in the darkness, challenging a foe he cannot see.

Then the Coworker makes a small but critical mistake. And that's when—all hell breaks loose.

From reader reviews:

Heather Goodson:

In this 21st century, people become competitive in every single way. By being competitive today, people have to do something to make these people survive, being in the middle of the actual crowded place and notice simply by surrounding. One thing that at times many people have underestimated this for a while is reading. Yes, by reading a book your ability to survive increases then having a chance to stand up than others is high. To suit your needs who want to start reading a book, we give you this *The Coworker: The First Nate Castle* Novel book as a starter and daily reading publication. Why, because this book is usually more than just a book.

Barry Phelan:

The book *The Coworker: The First Nate Castle* Novel has a lot of information on it. So when you make sure to read this book you can get a lot of help. The book was written by the very famous author. This author makes some research just before writing this book. This particular book is very easy to read; you may get the point easily after reading this book.

David Manning:

Playing with family in a park, coming to see the water world or hanging out with good friends is something that usually you might have done when you have spare time, after that why you don't try a factor that is really opposite from that. A single activity that makes you not experience tired but still relaxing, thrilling like on a roller coaster you are riding on and with addition associated with. Even you love *The Coworker: The First Nate Castle* Novel, you can enjoy both. It is a very good combination right, you still desire to miss it? What kind of hang type is it? Oh, occur to its mind hangout guys. What? Still don't get it, oh come on it's referred to as reading friends.

Barbra Walker:

As a college student exactly feel bored to help reading. If their teacher asked them to go to the library in order to make a summary for some guide, they are complained. Just small students that have reading's heart and soul or real their hobby. They just do what the instructor wants, like asked to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring along with can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So, this *The Coworker: The First Nate Castle* Novel can make you feel more interested to read.
