It also includes biographical entries for artists, critics, collectors, dealers, and patrons, with places and full dates of birth and death (in many instances correcting misinformation that has found its way into other sources). For this new edition, entries have been thoroughly revised and updated, and more than fifty new entries have been added. Browsers and readers with an interest in a particular area will benefit from the classified list of all the entries in the book. Written in an engaging manner with many entries enlivened by quotations from artists and critics, this dictionary is a pleasure to browse, while its A-Z structure and classified list makes it perfect for quick reference. Previously entitled *The Concise Oxford Dictionary of Art and Artists*, this major new edition is essential for anyone with an interest in art.
