**In Nazi Germany, they were called the *Schutzstaffeln*. The world would know them as the dreaded SS—the most loyal and ruthless enforcers of the Third Reich.**

It began as a small squad of political thugs. Yet by the end of 1935, the SS had taken control of all police and internal security duties in Germany—ranging from local village “gendarmes” all the way up to the secret political police and the Gestapo. Eventually, its ranks would grow to rival even Germany’s regular armed forces, the *Wehrmacht*.

Going beyond the myths and characterizations, *Army of Evil* reveals the reality of the SS as a cadre of unwavering political fanatics and power-seeking opportunists who slavishly followed an ideology that disdained traditional morality—an ideology that they were prepared to implement to the utmost murderous extreme, which ultimately resulted in the Holocaust.

This is a definitive historical narrative of the birth, legacy, and demise of one of the most feared political and military organizations ever known—and of those twisted, cruel men who were responsible for one of the most appalling crimes against humanity in history.
