Foundations of Utilitarianism: The Complete Works of "An Introduction to the Principles of Morals and Legislation" by Jeremy Bentham and "Utilitarianism" by John Stuart Mill John Stuart Mill , Jeremy Bentham

Bentham's ambition in life was to create a "Pannomion", a complete utilitarian code of law. Bentham not only proposed many legal and social reforms, but also expounded an underlying moral principle on which they should be based. This utilitarianism philosophy argued that the right act or policy was that which would cause "the greatest good for the greatest number of people", also known as "the greatest happiness principle", or the principle of utility. He wrote in *The Principles of Morals and Legislation*.

John Stuart Mill's book *Utilitarianism* is a philosophical defense of utilitarianism in ethics. The essay first appeared as a series of three articles published in *Fraser's Magazine* in 1861; the articles were collected and reprinted as a single book in 1863. It went through four editions during Mill's lifetime with minor additions and revisions.

Utilitarianism contains Mill's only major discussion of the fundamental grounds for utilitarian ethical theory.
