How To Make Money In Stocks: A Winning System in Good Times or Bad, 3rd Edition William O'Neil

THE *BUSINESSWEEK*, *USA TODAY*, AND *WALL STREET JOURNAL* BUSINESS BESTSELLER!

The bestselling guide to buying stocks, from the founder of *Investor's Business Daily* now completely revised and updated

When it was first published, *How to Make Money in Stocks* hit the investing world like a jolt, providing readers with the first in-depth explanation of William J. O'Neil's innovative CAN SLIM investing method. Five years later, O'Neil, founder for the industry icon *Investor's Business Daily*, revised his classic text and provided readers with a newer glimpse on how the average investor can make money in the equities market.

This third edition of *How to Make Money in Stocks* has been revised and updated with new chapters designed to help investors increase their performance. New discussions include:

- Greater clarification of the key CAN SLIM investment strategy
- Expanded analysis of the general market from the top of year 2000 to the market bottom of 2001
- New models of the greatest stock market winners that provide more basis for the ongoing effectiveness and superior performance of the CAN SLIM strategy
- Fresh stock charts featured in two colors for easier analysis of trends
- And an invaluable guide on how to maximize both *Investor's Business Daily* and www.investors.com to find winning stocks

Like his international bestselling *24 Essential Lessons for Investment Success*, which stayed on international business bestseller lists for close to 6 months in 2000, *How to Make Money in Stocks* is the best reference for the individual investor in how to stay afloat and ahead in the rocky and volatile equities markets of the 21st century.
