About The Intelligent Investor by Benjamin Graham

The Intelligent Investor, first published in 1949, has sold over a million copies and has been praised by famous figures like Warren E. Buffet as "the best book on investment ever written." The book in its most recent form, updated with commentary by personal finance expert Jason Zweig, provides sage advice as well as cautionary tales that are as relevant to investors today as they were in 1949.

Graham's investment philosophy is not focused so much on maximizing profit as it is on minimizing loss. This makes The Intelligent Investor an excellent resource for true long-term investors, albeit layman investors, as opposed to day traders or speculators. Inside, Graham shows investors how to use analytics, research, and discipline to make unconventional but solid investments that will pay in the long run. He teaches investors how to design a rational, non-emotional plan for buying stocks and bonds that will carry the investor through bull and bear markets with little to no concern about drastic dips and losses.

Please note that this summary is NOT the original book and is meant to be read as a supplement to the original.

About SpeedReader Summaries

Thanks so much for your interest in SpeedReader Summaries! We strive to save what is your most precious and limited resource--time.

Do you ever feel like you just want your favorite non-fiction books to get to the point? Are you tired of wasting time weeding through fluff and anecdotes to get to the meat of the material?

SpeedReader Summaries carefully distill and analyze the key points of your favorite books and provide additional commentary and resources to supplement your understanding of the material. Inside every SpeedReader summary, you'll find a thirty-second overall summary of the book, brief summaries of the key points of each chapter, a custom analysis, and additional resources like discussion questions, relevant articles, other books, and even quizzes.

At SpeedReader Summaries, bringing you maximum benefit in minimum time is our main objective!
