If heaven is real, where is it? If the spiritual realm is all around us and filled abundantly with angelic creatures doing God's work on our behalf, why can we see them? This book addresses this topic and by using Biblical events, shows how scriptures portrays a very real spiritual place that is only one step away from what we see in our 3D world. Although angels, with very real, tangible and physical bodies may be working right next to us, they are one step back in a higher dimension, in what is referred to as hyperspace. The understanding that the spiritual realm being located in higher dimensions, dimension beyond our 3D perception, is actually not new. This book includes references and quotes from two books written in the late 1800's that made these same claims. Another surprising insight is that in recent times modern physics began acknowledging that the universe actually contains these higher dimension. In fact, all advance physics theories since the 1980's are using higher dimensions or hyperspace, as a foundational assumption. Hyperspace and the Spiritual Realm examines several Biblical stories that are clearly describing higher dimensional activity. In fact, these somewhat confusing stories really can only be understood from a hyperspace view point. This book is written to be understandable by everyday people who do not have scientific or technical backgrounds. Readers will discover a richer and deeper understanding of God's creation and come to appreciate the relationship between the "unseen" and "seen" worlds. This ground breaking work has extensive illustrations, analogies and word pictures to aid the non-technical reader in understanding interesting Scriptural events and their relation to the time-space continuum that we know. We have scriptural records of angels crossing over from the higher dimensional world unseen world and entering our 3D world where we can then observe their actions. Angels are not magically appearing and disappearing or making themselves invisible; they are simply moving or stepping away, in a direction that we can not see. There are also a few and very rare instances where God gave someone (like Elisha's servant and Stephen) the ability to see into the other realm. Recorded in scripture is the marvelous sight that was seen. Angels, horses and chariots of fire are witnessed in a realm that is really more tangible and more physical than our own 3D world. They are right there, just one step away but in a higher dimension, in the spiritual realm.
