Symbols contain knowledge which has been kept secret, passed on from generation to generation accompanying oral tradition of ancient cultures. These images contain records of knowledge, history, traditions, religions, and customs of ancestors long ago forgotten who whisper to us from their graves, and draw us to the picture language with which they inscribed their legacy. Symbology is the process of decoding these inscriptions, placing them in proper historic context, finding their origins, and unveiling their secrets. Symbology ReVision: Unlocking Secret Knowledge is a revision of Symbology: Decoding Classic Images, and makes a great book even better, with bigger illustrations, glossary, bibliography, and updated material. Embark on a fascinating journey into a misty past, and clear away the fog. Our perception of today is based on our knowledge of the past. Our vision for the future is built upon our today: learn about the past, and envision a better future.
