D. H. Lawrence

Reflections on the Death of a Porcupine and Other Essays (The Cambridge Edition of the Works of D. H. Lawrence) D. H. Lawrence

This volume contains what Lawrence himself called "philosophicalish" essays written in the decade 1915-25. The topics range from politics to nature, from religion to education; the tone from lighthearted humor to mordant wit, to spiritual meditation. For all these contrasts, however, the essays share many of the underlying themes of the mature Lawrence: "Be thyself" could be the volume's motto. As far as possible, this edition restores what Lawrence wrote before typists, editors, and compositors made the extensive alterations that have been followed in all previous editions of the texts--on occasion entire passages removed by mistake or for reasons of censorship have been recovered. The introduction describes the genesis, textual history, and reception of the essays; notes offer help with allusions and other difficult points. Several incomplete and unpublished essays are reproduced in an appendix.
