Aristophanes And His Theatre of the Absurd

Paul Cartledge

Aristophanes And His Theatre of the Absurd Paul Cartledge

Aristophanes, the Athenian comic dramatist, remains popular despite historical changes in attitude and belief. Placing the plays in their total civic, religious and dramatic context, this account explores their significance for contemporary audiences, and their continuing appeal. Separate chapters address aspects of his work and world, and attempt to outline the playwright's own opinions at a time of intense political debate. With original texts quoted in translation, this comprehensive and lively study provides students with an invaluable insight into the plays and their place in classical Athens.
