Technical Analysis: The Complete Resource for Financial Market Technicians (3rd Edition) Charles D. Kirkpatrick II, Julie R. Dahlquist

Master technical analysis, step-by-step! Already the field's most comprehensive, reliable, and objective introduction, this guidebook has been thoroughly updated to reflect the field's latest advances.

Selected by the Market Technicians Association as the official companion to its prestigious Chartered Market Technician (CMT) program, *Technical Analysis, Third Edition* systematically explains the theory of technical analysis, presenting academic evidence both for and against it. Using hundreds of fully updated illustrations and examples, the authors explain the analysis of both markets and individual issues, and present complete investment systems and portfolio management plans. They present authoritative, up-to-date coverage of tested sentiment, momentum indicators, seasonal effects, flow of funds, testing systems, risk mitigation strategies, and many other topics.

Offering 30% new coverage, *Technical Analysis, Third Edition* thoroughly addresses recent advances in pattern recognition, market analysis, systems management, and confidence testing; Kagi, Renko, Kase, Ichimoku, Clouds, and DeMark indicators; innovations in exit stops, portfolio selection, and testing; implications of behavioral bias, and the recent performance of old formulas and methods. For traders, researchers, and serious investors alike, this is the definitive guide to profiting from technical analysis.
