The Viking Portable Library of Edgar Allan Poe Edgar Allan Poe

In this volume, fans of the strange genius are given a rare treat. Editor Philip Van Doren Stern has collected not only the all-time greats (e.g. "The Tell-Tale Heart" "The Pit and the Pendulum" "The Raven" etc.), but also some eccentric choices like "The Man of the Crowd". In addition, the book gives several non-fiction articles and literary reviews written by Poe showing that he was not without a practical side. But perhaps the most fascinating thing is a section of letters Poe wrote, to among other people, his stepfather, his wife, his mother-in-law, and various members of the literary community. These paint a colorful picture of his often desperate existence. After reading these letters, you may think Poe tragic, pathetic, pretentious or maybe even egotistical, but you will never think of him in quite the same way you previously did. Read this book for a fresh look at one of American literature's greatest geniuses.
